

how to eat a pie

heat and eat instructions

pies

1. If frozen, allow to thaw in fridge, preferably overnight
2. Pre heat oven to 350 degrees
3. Keep pies in aluminium tins and place on oven tray
4. Pop them in the oven for 15-20 minutes
5. Take pies out of the oven. Serve with salad, mashed potatoes and, if you're like us Aussies, plenty of ketchup!

sausage rolls

1. Allow sausage rolls to thaw in fridge
2. Lay rolls on oven tray about 1/2" apart. Use parchment paper to help prevent from sticking
3. Pre heat oven to 375 degrees
4. Brush sausage rolls with milk or egg (optional)
5. Bake for 30-40 minutes or until golden NB. pastry takes longer than filling to cook, so when it's golden they are ready
6. Cool slightly before serving
